

Exotec announces the appointment of Yann Leca as Chief Financial Officer

His mission will be to steer the company's financial strategy in light of its strong growth and international expansion

Croix, November 14, 2022 – Exotec, the global warehouse robotics provider, today announced the appointment of Yann Leca as Chief Financial Officer. Previously Executive Vice President and CFO of OVHcloud, he will be responsible for structuring the organization and driving Exotec's financial strategy to ensure profitable and sustainable growth at a time when the company is experiencing accelerated expansion of its activities worldwide.

Yann Leca, new Exotec CFO

A graduate of HEC Paris and Harvard, Yann has over 30 years of experience in the transformation and financing of international growth companies, including several large cap LBOs and most recently the successful IPO of OVHcloud on Euronext Paris.

An appointment placed under the sign of unparalleled growth

Exotec has appointed Yann Leca to support the company's sustainable growth and accelerate its global footprint.

Yann Leca says: "Exotec has every chance of succeeding and becoming the world leader in warehouse robotics in the coming years. I am delighted to be able to support the co-founders and their teams in achieving this ambitious project".

Romain Moulin, CEO and co-founder of Exotec, adds: "Yann Leca joins us at a strategic stage of our development, and we are pleased to be able to count on his experience to continue and support our rapid growth and the internationalization of our activities. He will take over from Cybèle Rolland, to whom we extend our gratitude for her commitment to us over the last four years."
